Roller Blinds

Diffusion's roller blind collection is an exciting range of stylish fabrics, which will compliment any room in the home.

Elegant voile fabrics will subtly soften the light coming through your window or you can add a touch of drama to a room by selecting a contemporary printed design unique to Diffusion. Textured weaves offer a rustic appeal, and blackouts both style and practicality for bedrooms. We also have a range of patterned PVC prints perfect for kitchens and bathrooms.

Create your unique blind with finishing touches such as braids, pulls, poles and eyelets in a range of colours and styles. Also try our stylish fascia system to finish off your blind, this is available in 6 colours – white, beige, black, chrome, bronze and satin.

style and comfort...

Vision Roller Blinds

This contemporary blind gently filters and softens daylight whilst also offering you the option of privacy when required. A single control allows the 2 layers of fabric to move independently and create an open and closed effect. It will also roll up completely into an attractive open cassette available in a choice of 6 colours. The fabric range features sheer metallics, delicate subtle tones and natural wood weave effects.

Perfect Fit

An innovative and practical 'no drill' solution for PVC windows and doors.

Quick and easy to install, stylish and contemporary in appearance, Perfect Fit Venetian or Roller Blinds offer a neat and practical solution for your UPVC sunroom, kitchen or patio doors, and also tilt and turn windows.

Frames are available in white, brown, grey, anthracite grey, mahogany, golden oak and black.

Vertical Blinds

Easy to use and versatile, vertical blinds can be drawn neatly to the side to offer you unobstructed views, or tilt the vanes to allow just the right amount of light and privacy.

Diffusion have “jazzed up” verticals, by offering a sumptuous range of textured weaves, contemporary colours and prints. There are also a range of headrail colours including white, brushed silver, champagne, black and brown.

You can even avoid weights and chains by selecting wood from our choice of 12 colours, to finish the bottom of your vanes and give a really stunning finish.

Trapezium Blinds

Diffusion’s unique Trapezium blinds are ideal for large areas of glass, as you can stack the 250mm panels right back to maximise light and views, but also tilt to control sunlight and privacy. This is a stunningly versatile and stylish window covering.

timeless elegance...

Panel Blinds

Panel Blinds offer a sophisticated look to larger windows, patio doors and even as a room divider.

The large panels of fabrics stack neatly behind one another when open, allowing light to be maximised. To reduce glare, control light and increase privacy, simply slide the panels to the required position.

Many fabrics in the Diffusion roller collection are suitable to be used as panel blinds, but equally, soft fabrics from the roman collection, which are laminated, can also be used for an even more sophisticated look.

Roman Blinds & Curtains

Diffusion's simply stunning Artisan soft fabric collection is a contemporary range of 45 vibrant printed fabrics in a unique collection. This is a mix of stripes, florals, geometrics and abstract designs designed to appeal to everyone!

Roman blinds are manufactured using a bonded lining, with no stitching, no joins and no pinholes. Blinds up to 2.5m wide are made using wide-width fabrics and when blackout lining is required, there are no pinholes or stitching to interrupt the designs – Perfect!

Custom-made curtains are also available in standard, pinch pleat or eyelet finish.

Venetian Blinds

This classic window blind style allows you to instantly adjust lighting and privacy levels by altering the angle of the slat.

Opt for either a classic wood Venetian or sleek aluminium option for a contemporary effect. Also available are Faux Wood Venetians which offer the look of a wooden Venetian with all the benefits of PVC.

Select from a range of slat widths 25, 35, 50mm in aluminium blinds or 25, 35, 50 or 63mm in wood slat and faux wood.

Motorised Blinds

- **Child Safe**
Motorised blinds eliminate the need for operating cords or chains and therefore eradicate any potential entanglement.
- **Remote Operation**
Raise and lower blinds from the comfort of your armchair. Even hard to reach blinds are no problem.
- **Added Privacy and Security**
Timer controls are available.
- **Motability**
Ideal for use in homes where motability is a concern.

Diffusion's Guarantee

- **Child-safe blinds**
- **Durable operating systems**
- **Made-to-Measure blinds using specialist, high quality materials**
- **High performance and reliability**
- **Expert advice and guidance**
